RE: Claims Payment

Date: 4/25/03

The GHP claims processing system is rejecting claims due to the submission of claims with invalid provider ID numbers. Some providers are adding extra characters or digits to their current provider ID numbers. The new system is not able to process claims submitted with this additional character.

To correct the problem, effective immediately you must submit claims with your assigned Medicaid/PeachCare for Kids provider ID number. Your claims will be rejected if your correct provider ID number is not submitted.
